USER MANUAL

for

ONLINE EXAMINATION

STUDENT'S

PREPARED BY

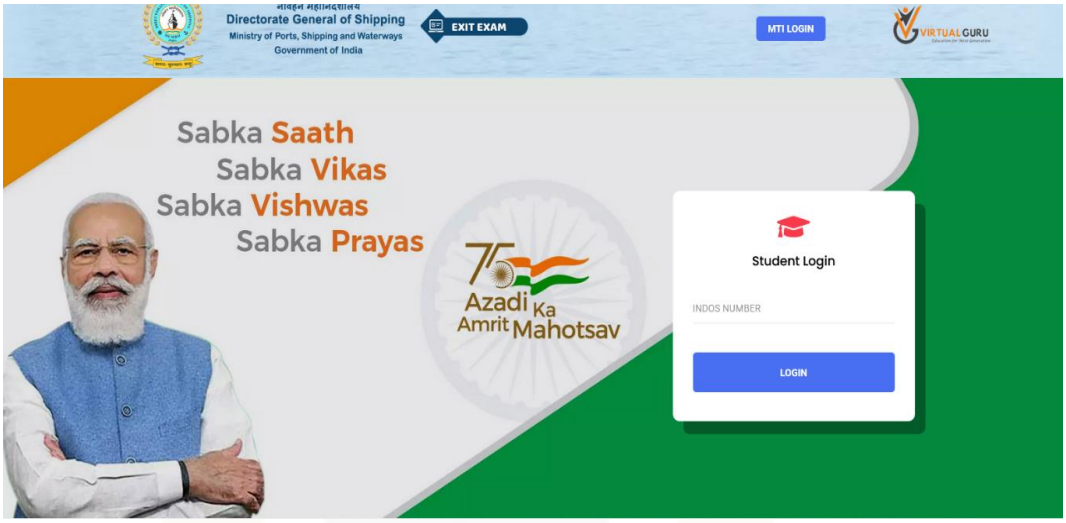
Virtual Guru, Project Developing Team

For Student's

1. **Easy and Convenient Login Process**: Students should be able to log in to the Online Examination System using their INDOS number, without the need for a password. This simplifies the login process and reduces the chances of forgetting passwords.
2. **Restricted Exam Access**: Students expect that live exams can only be taken on authorized machines within their enrolled MTI. This ensures the integrity and security of the examination process.
3. **Clear Exam Timing**: Students need clear notification about the specific time window when the live exam portal will be open. This helps them plan their schedule and ensures they are available to take the exam during the designated hours (10AM to 6PM).
4. **Mock Exam Availability**: Students expect a separate mock exam portal for practice, which is accessible during non-live exam hours (from 7PM to 9AM). Mock exams should not have proctoring, allowing students to familiarize themselves with the system and the exam format.
5. **Restricted Remote Connectivity**: During live exams, students should not be able to access remote connectivity tools like AnyDesk or TeamViewer. This prevents any potential cheating attempts and ensures the integrity of the exam.
6. **Photo Verification**: Students expect their photos to be verified before and during the exam. This helps confirm their identity and prevents impersonation.
7. **User-Friendly Interface and Instructions**: The system should provide a user-friendly interface with clear instructions for navigating the exam platform. This ensures that students can easily understand how to access and take the exam.
8. **Instant Result Display**: After completing the exam, students expect to receive instant results indicating whether they passed or failed. If they fail, they should receive clear reasons for the failure. This helps students understand their performance and areas for improvement.

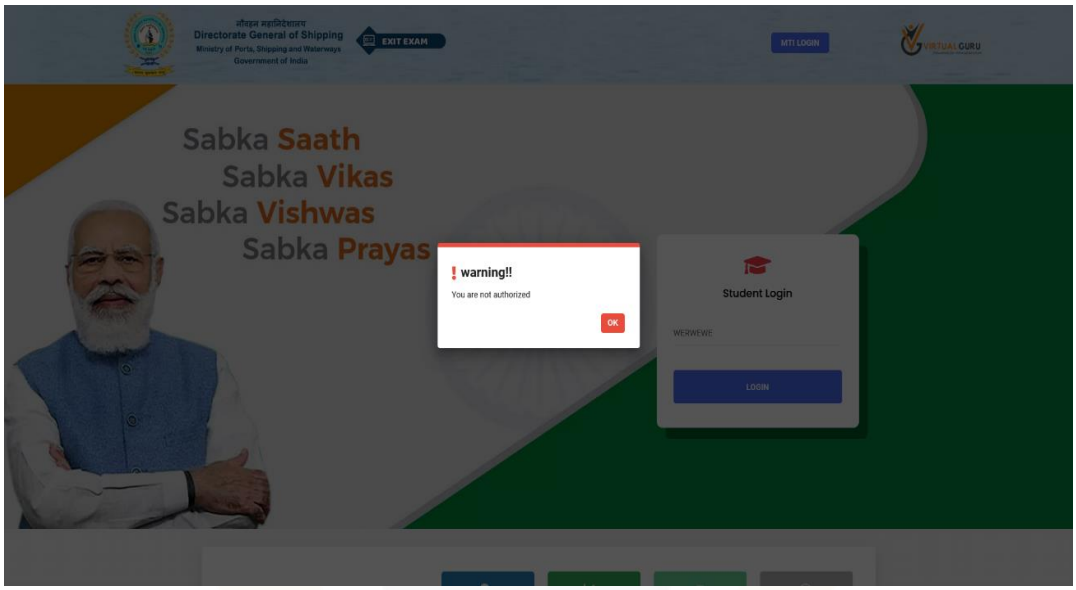
9. **Robust System Performance**: Students rely on a robust system that can handle potential technical issues, power outages, or network disruptions. The system should be designed to ensure uninterrupted access to live exams within the MTIs, minimizing any disruptions or loss of progress during exams.
10. **Failure Detection for Unauthorized Actions**: If a student clicks outside the exam window or minimizes the browser during the exam, the system should automatically determine it as a failed attempt. This discourages any attempt to cheat or engage in unauthorized activities during the exam.
11. **Retake Limit and Course Redo**: Students should have the opportunity to retake the exam a maximum of three times if they fail or violate exam rules. If they exceed this limit, they should be required to retake the course and appear in a new exam, ensuring fairness and maintaining the exam's integrity.

1. *Login Screen:*



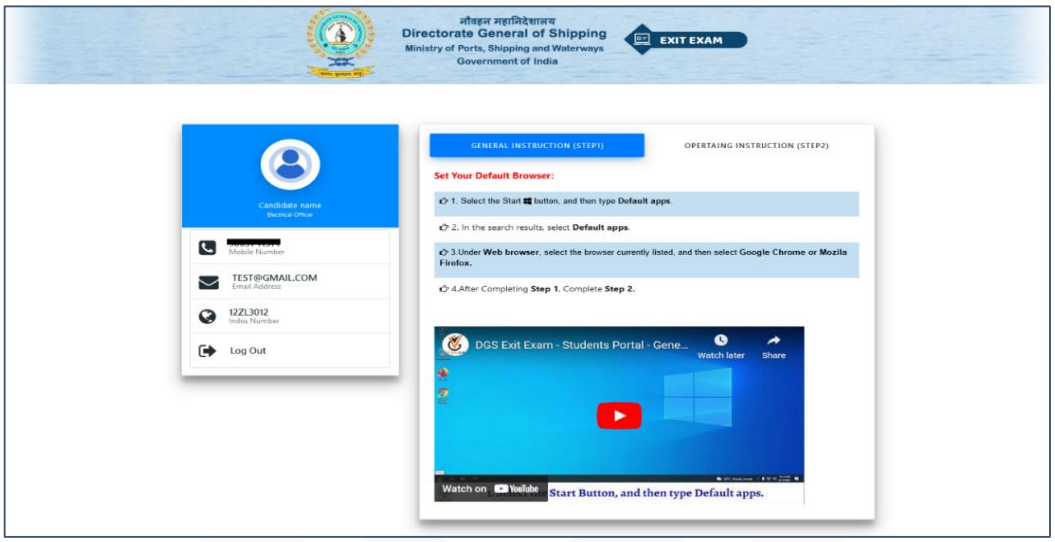
- Open your web browser and enter the URL: https://www.dgsexams.in
- The browser will redirect you to the landing page of the website.
- On the landing page, locate the login section or button. It is typically positioned in a visible area, such as the top-right corner or center of the page.
- Click on the login section or button to proceed.
- You will be presented with the login form.
- In the designated field, enter your valid 8-digit INDOS number. Ensure that you input the number accurately to avoid any errors.
- After entering the INDOS number, click on the "Login" button to proceed with the login process.

2. *Invalid INDOS Number:*



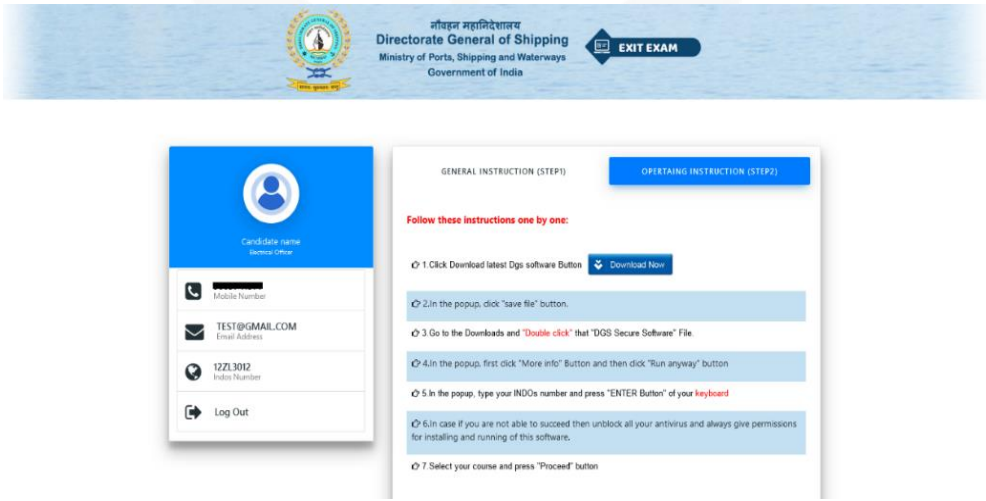
- The system will validate the provided INDOS number.
- If the INDOS number is valid, the system will redirect you to the student profile page.
- If the INDOS number is incorrect or invalid, an error alert popup will appear on the screen, notifying you about the incorrect input.
- In case of an error, review the entered INDOS number and ensure that you have provided the correct 8-digit number associated with your profile.
- Make the necessary corrections and attempt the login process again.

i. Successful Login:



- After logging in, the system will automatically redirect you to the Student Profile screen.
- On the Student Profile screen, you will find a comprehensive overview of your personal details.
- The personal details may include information such as your full name, contact details, date of birth, address, and any other relevant information associated with your profile.

ii. Download Security Software



C:\Users\Dhivakaran\Downloads\DGSSecurit/Software_Ver-2-3-1-2.exe
nter your INDOs No: 12zl3012

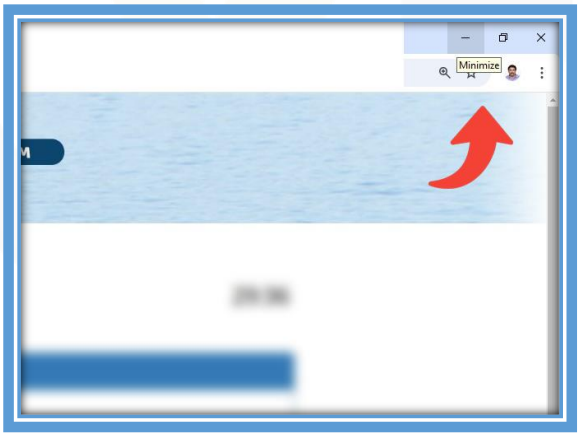
Take Test

- Locate and click on the "Operation Instruction" tab.
- Look for the download link or button and click on it to start the download.
- The software will be downloaded as an .exe file. Wait for the download to complete.
- Once the download is finished, locate the downloaded .exe file on your computer.
- Double-click on the .exe file to run the software application.
- The application will launch, and you will be prompted to enter your Indos number.
- Enter your INDOS number in the provided field.
- Press the "Enter" key on your keyboard to proceed.
- The software will validate the INDOS number and redirect you to the exam list page.
- On the exam list page, read the instructions carefully.
- Select the desired course from the available list.
- After selecting the course, click on the "Take Test" button to start the exam.

Do Not Minimize Browser Window During Exam



1. **Important Notice:**

   - Once the exam starts, it is crucial to keep the browser window open and active throughout the entire duration of the exam.

2. **Avoid Minimizing the Browser:**

   - Do not minimize the browser window at any point during the exam.
   - Minimizing the browser window could disrupt the exam session, leading to possible disqualification or loss of progress.

3. **Stay on the Exam Page:**

   - Ensure that the exam page remains in the foreground.
   - Avoid switching to other tabs or applications while the exam is in progress.

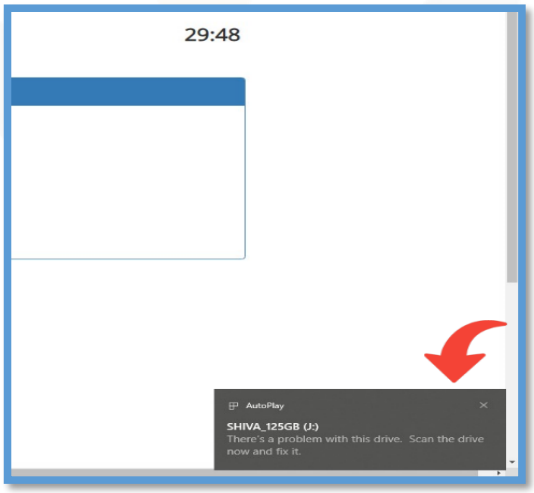
4. **Consequences of Minimizing the Browser:**

   - If the browser window is minimized, the system may automatically log you out, and you may lose your progress.

5. **Maintain Focus:**

   - To ensure a smooth exam experience, keep the browser window maximized and stay focused on the exam until it is completed.

Do Not Click on Notifications During the Exam



1. **Avoid Clicking Notifications:**

   - During the exam, do not click on any notifications that appear on your screen, as this could disrupt your exam session.

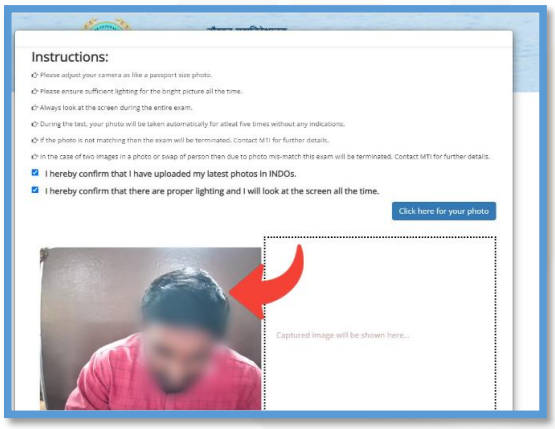
2. **Stay Focused on the Exam:**

   - Once the exam starts, ignore all pop-ups, messages, or alerts until you have completed the exam to ensure your progress is not interrupted.

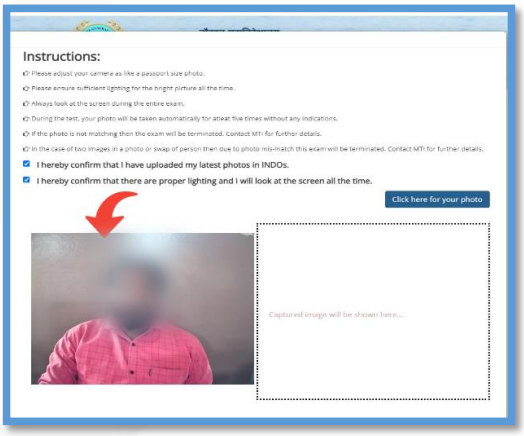
3. **Potential Consequences:**

   - Clicking on notifications may cause the exam window to lose focus, leading to potential issues such as logging out or disqualification.

Face Verification Instructions



Pic: 3.1



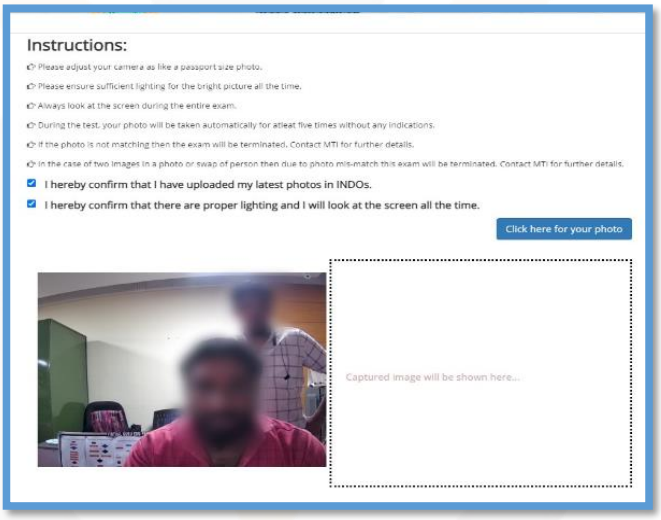
Pic: 3.2

1. **Maintain Proper Head Position:**
2. Do not tilt your head too much during the exam. Excessive tilting, as shown in image 3.1, may lead to a mismatch with your actual image, causing verification issues.

3. **Sit Straight:**
   - Always sit upright with your head facing directly towards the camera. This helps ensure accurate face recognition.

4. **Use a Plain Background:**
   - Make sure to sit in front of a plain, uncluttered background, similar to image 3.2. A clean background minimizes distractions and enhances the accuracy of the verification process.

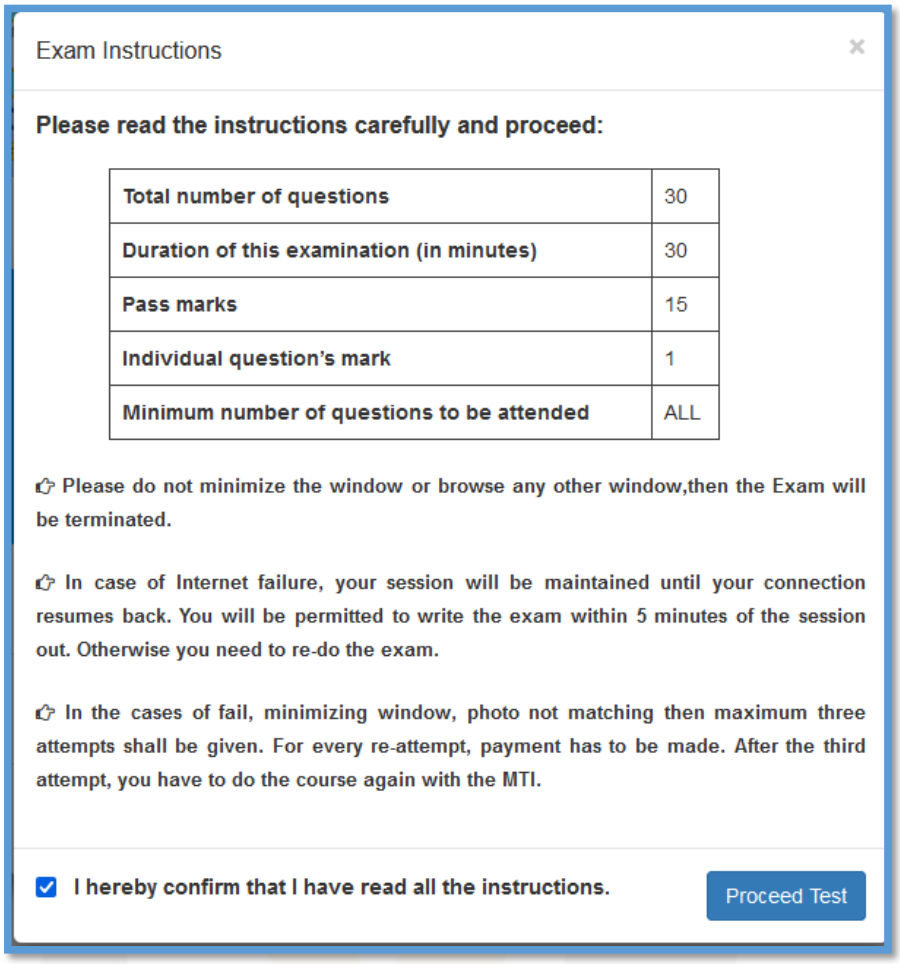
5. **Multiple Persons During Examination**



1. **No One Nearby:**
   - Once the examination starts, do not allow anyone near you or in the background, as this can lead to face verification failure.

2. **Automatic Exam Submission:**
   - If the system detects multiple faces in the images, it will automatically submit the exam, which could result in an incomplete submission.

iii. Exam Instruction Screen:



Exam Instructions

Please read the instructions carefully and proceed:

Total number of questions	30
Duration of this examination (in minutes)	30
Pass marks	15
Individual question's mark	1
Minimum number of questions to be attended	ALL

Please do not minimize the window or browse any other window,then the Exam will be terminated.

In case of Internet failure, your session will be maintained until your connection resumes back. You will be permitted to write the exam within 5 minutes of the session out. Otherwise you need to re-do the exam.

In the cases of fail, minimizing window, photo not matching then maximum three attempts shall be given. For every re-attempt, payment has to be made. After the third attempt, you have to do the course again with the MTI.

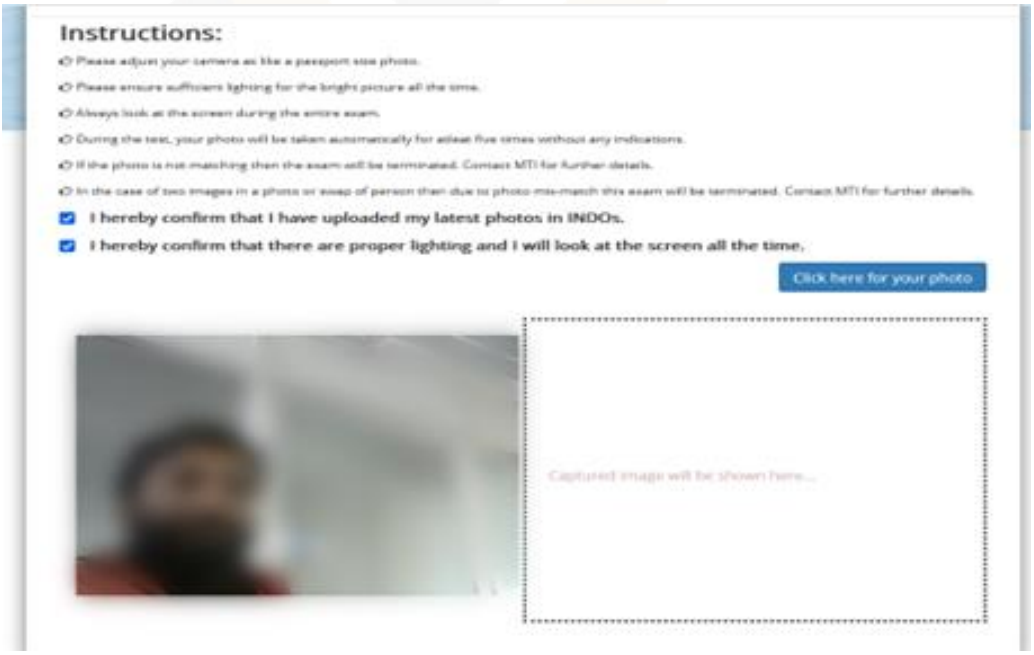
I hereby confirm that I have read all the instructions.

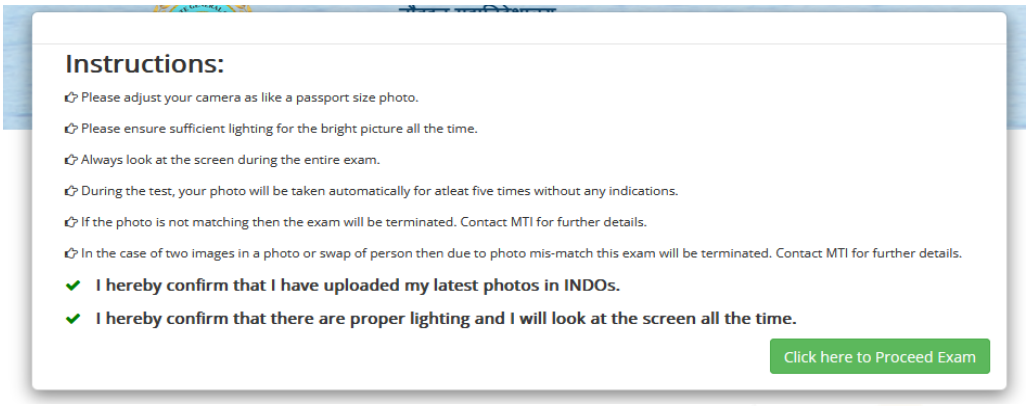
Proceed Test

- After clicking the "Take Test" button, a pop-up window or dialog box will appear, displaying the exam instructions.
- Take your time to thoroughly read and understand the exam instructions provided in the pop-up window. It is crucial to follow these instructions for a successful and fair exam experience.
- Once you have read the instructions and are ready to proceed, check the box labelled "I hereby confirm that I have read all the instructions," and then click the "Proceed" button within the pop-up window.
- Clicking the "Proceed" button will initiate the exam and allow you to begin answering the questions.

- Ensure that you are prepared and have any necessary materials or resources ready before proceeding.
- Throughout the exam, follow the instructions, guidelines, and any time limits mentioned in the instructions to effectively complete the test.
- Answer the questions as required, making sure to follow the specified format or guidelines provided in the exam instructions.
- Once you have completed the exam, submit your answers as instructed or click the "Finish" button, depending on the exam system's requirements.
- After finishing the exam, the system may provide you with a summary of your performance or display a confirmation message indicating that the exam has been successfully completed.

iv. Photo Capture Instructions:



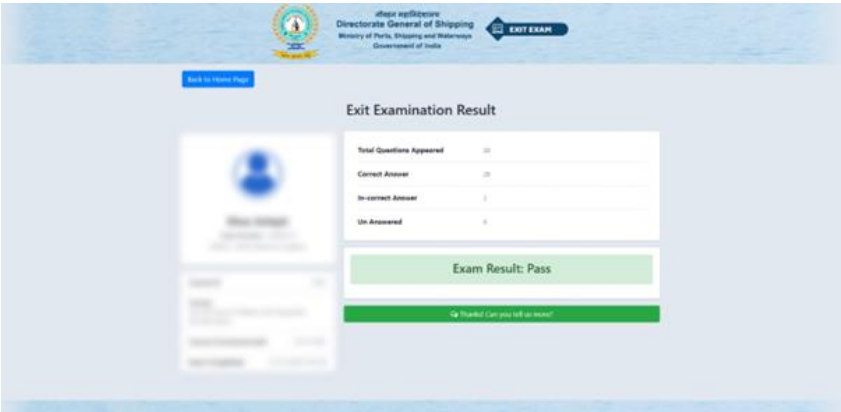


- After clicking the "Proceed" button, the system will redirect you to the quiz page.
- On the quiz page, the camera functionality will be activated to capture a live photo of the user.
- Follow the on-screen instructions to ensure that your face is clearly visible within the camera frame.
- Position yourself properly in front of the camera and click on the "Capture Photo" or "Take Photo" button to capture the image.
- The system will process the captured photo and compare it with the core database for verification purposes.
- If the captured photo matches with the core database, a final exam instructions pop-up window will appear.
- Take your time to read the instructions provided in the pop-up window carefully.
- Once you have read and understood the instructions, accept or acknowledge them as required to proceed with the exam.
- After accepting the instructions, the system will grant you access to take the exam.
- Follow the guidelines, time limits, and any additional instructions provided during the exam to complete it successfully.

V. Exam Screen:

- After proceeding with the exam, multiple-choice questions will be displayed one at a time.
- Read each question carefully and select the appropriate answer from the provided options.
- Click on the "Next" button to proceed to the next question.
- Continue answering the questions and clicking "Next" to move through the exam.
- Once you reach the final question, the system will display a "Submit" button.
- Before submitting your exam, ensure that you have answered all the questions to the best of your ability.
- When you are ready to submit your answers, click on the "Submit" button.
- After clicking "Submit," the system will process your exam responses.

v. Result Screen:



After submitting your exam, you will be directed to the Exam Result page. Here are the details you can expect to see on the result page:

Total Question:

- This section displays the total number of questions in the exam.

Correct Answer:

- The number of questions you answered correctly will be shown in this section.

Incorrect Answer:

- The number of questions you answered incorrectly will be displayed here.

Unanswered:

- This section shows the number of questions you did not answer.

Pass/Fail Result:

- The result of your exam will be indicated in this section, showing whether you have passed or failed the exam based on the defined passing criteria.

Course Name:

- The name of the course or exam you took will be mentioned to provide context.

Exam Date:

- The date on which the exam was taken will be displayed for reference

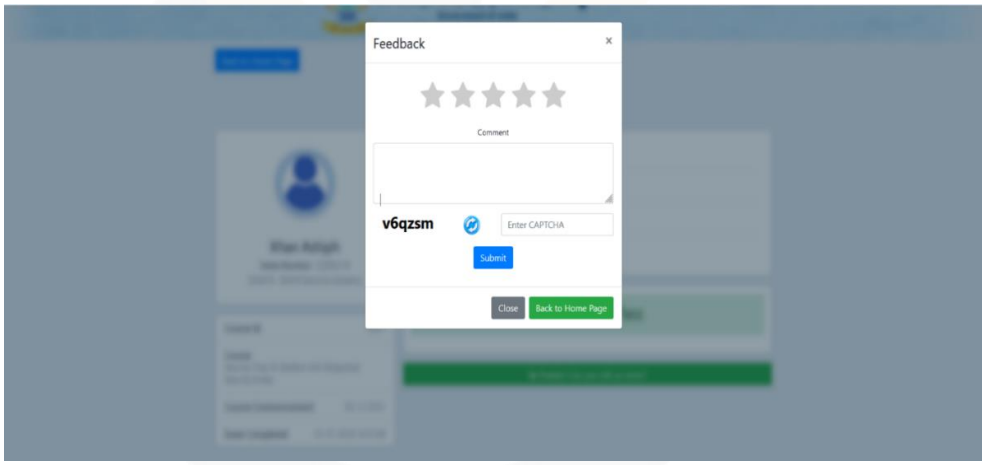
Exam Retake Due to System Error

If a student fails the exam due to a system error, they can retake the exam multiple times without paying any additional fees.

Process:

1. **Obtain Approval:**
   - The student must obtain an approval email from DG Shipping Official through
2. **Receive Retake Option:**
   - Once the approval email is received, the option to retake the exam will be provided.

Providing Exit Examination Feedback



To provide feedback after completing the exit examination, please follow these detailed steps:

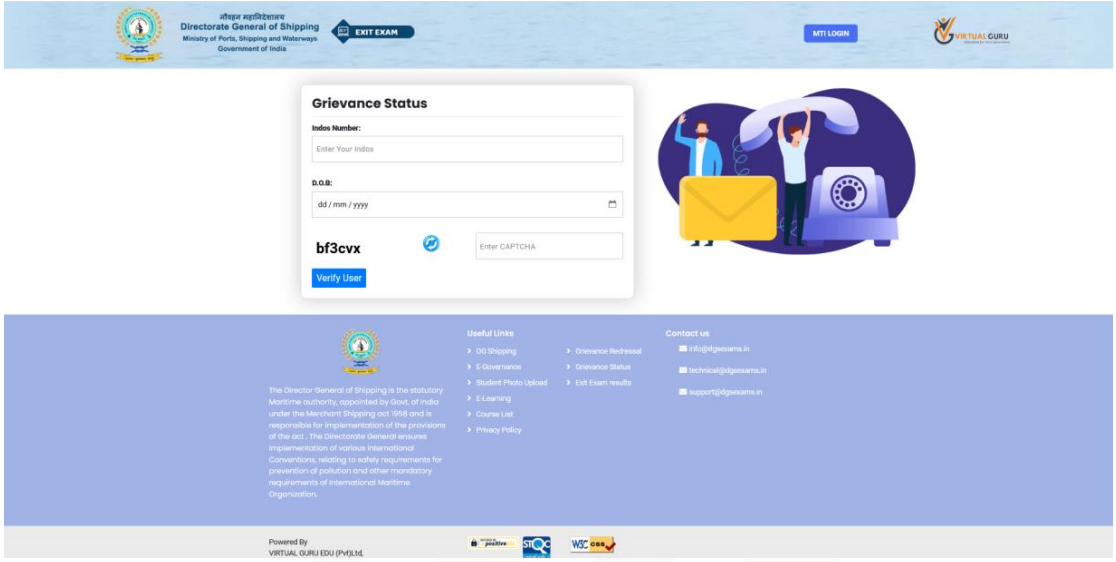
- **Locate the feedback button:** On the results page, find the button labelled "Thanks, can you tell us more."

- **Click the feedback button:** Click on the "Thanks, can you tell us more" button to proceed.
- **Fill out the feedback form:** A modal popup will appear after clicking the button.

<u>In the popup form, provide your feedback by:</u>

- **Rating the examination:** Use the rating stars to rate the examination.
- **Adding comments:** Enter any additional comments or feedback in the provided text box.
- **Enter the captcha code:** Identify the captcha challenge displayed within the popup form.
- Type the exact characters you see in the captcha field to verify you are a real person.
- **Submit your feedback:** After completing the form and captcha, click the "Submit" button.
- Upon successful verification of the captcha, your feedback will be registered.

Global Result Screen:



For access your results, please follow these detailed steps:

1. **Enter the Indos number:**

- Locate the field labeled "Indos number."
- Carefully type in your unique Indos number. Ensure there are no spaces or extra characters.

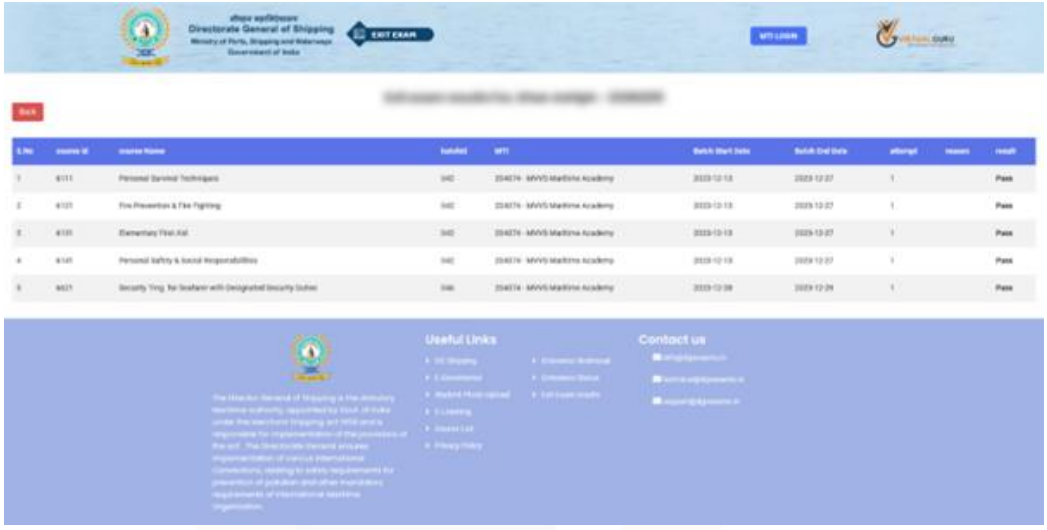
2. **Enter your date of birth:**

- Find the field labeled "Date of Birth."
- Enter your date of birth in the format specified (e.g., DD/MM/YYYY).

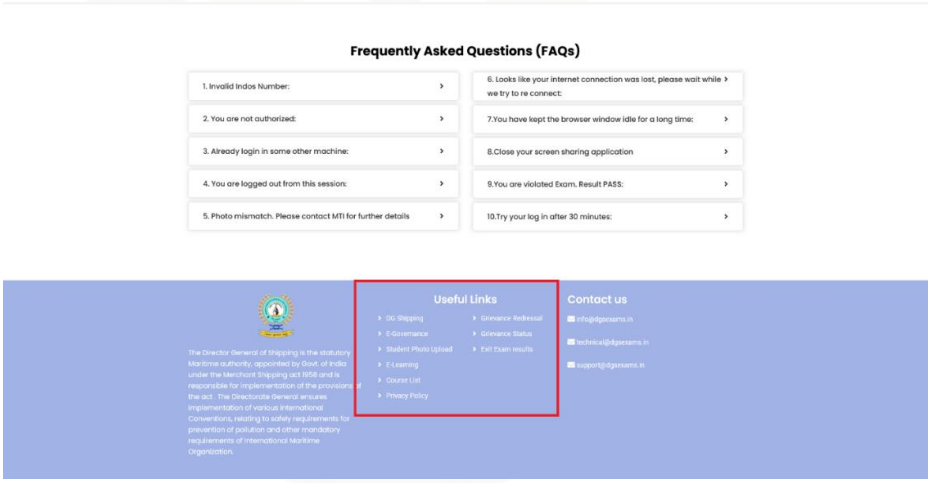
3. **Enter the captcha code:**

- Identify the captcha challenge displayed on the screen.
- Type the exact characters you see in the captcha field. This is to ensure that you are a real person and not an automated program.

- **After you have entered all the required information correctly, click the "Submit" button. Upon successful verification of your details, you will be redirected to the result page where you can view your results.**

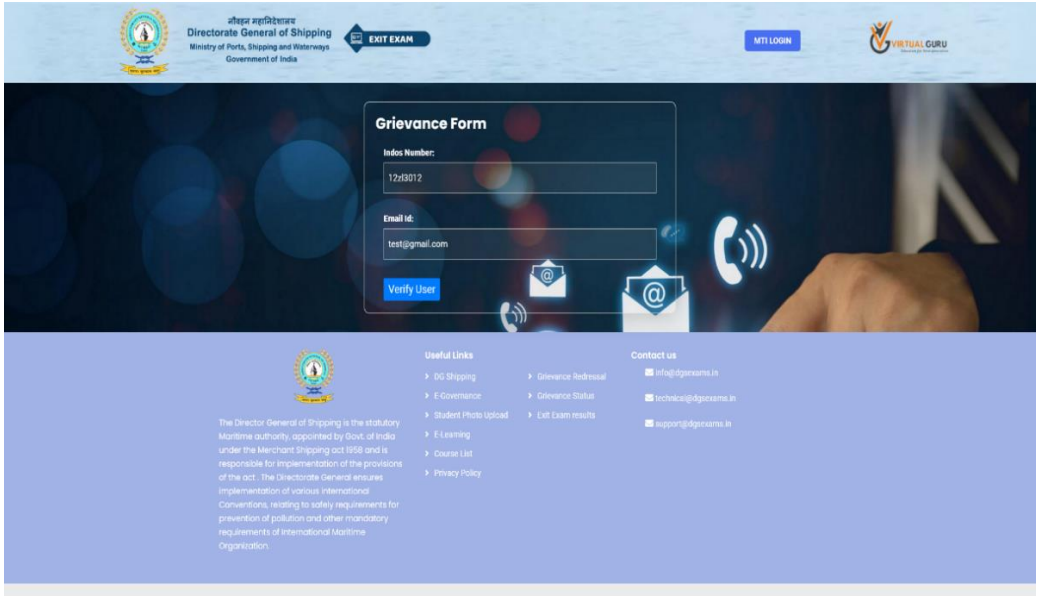


Submitting a Grievance



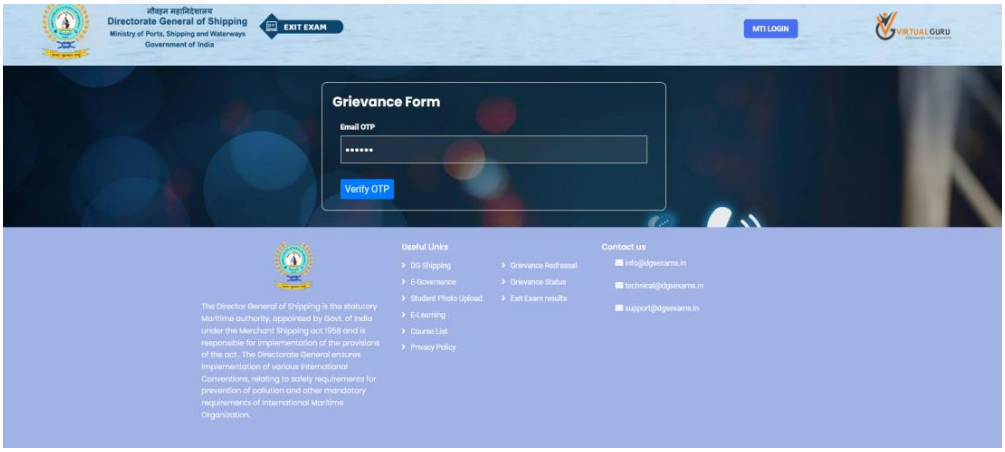
To submit a grievance, please follow these detailed steps:

1. **Verify your Indos number and email ID:**



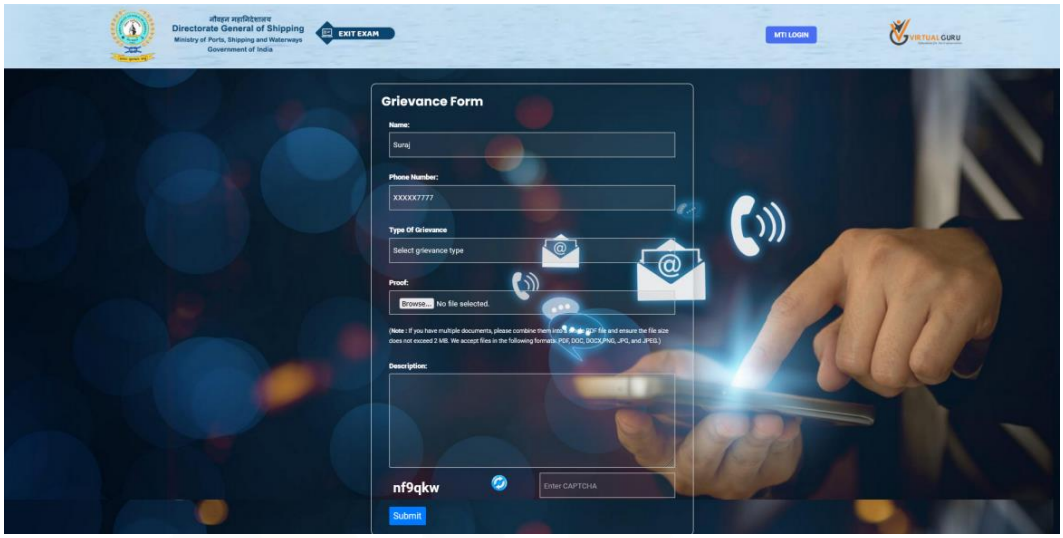
- Enter your Indos number in the designated field.
- Enter your email ID in the specified field.
- Click the "Verify" button.

Email OTP Verification:



- An OTP will be sent to your registered email address.
- Enter the OTP in the provided field to verify your email.
- Upon successful OTP verification, the Grievance form will be displayed.

2. **Fill out the Grievance form:**



Proof of Evidence:

- Attach any relevant proof of evidence to support your grievance.

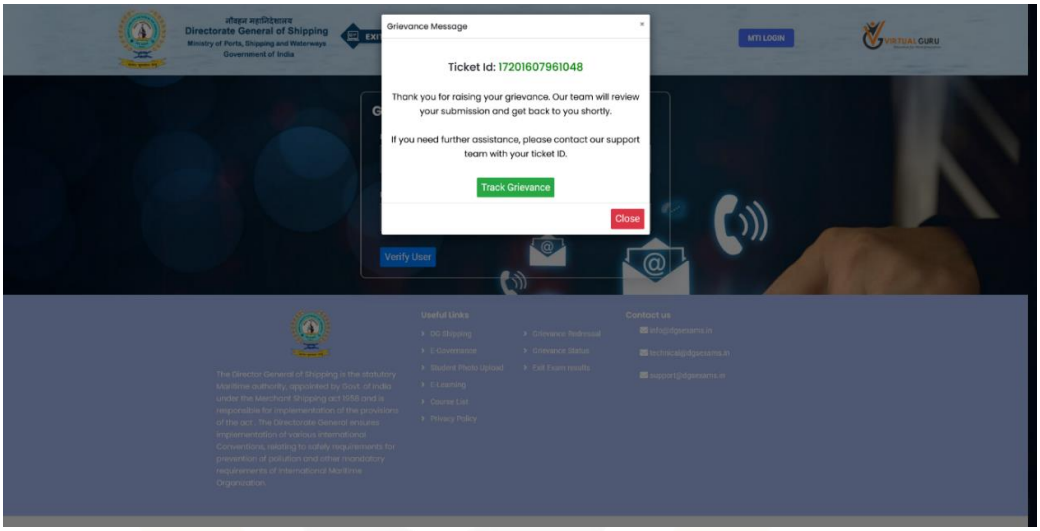
Describe the Grievance:

- Enter a detailed description of your grievance in the provided text box.

3. **Enter the captcha code:**

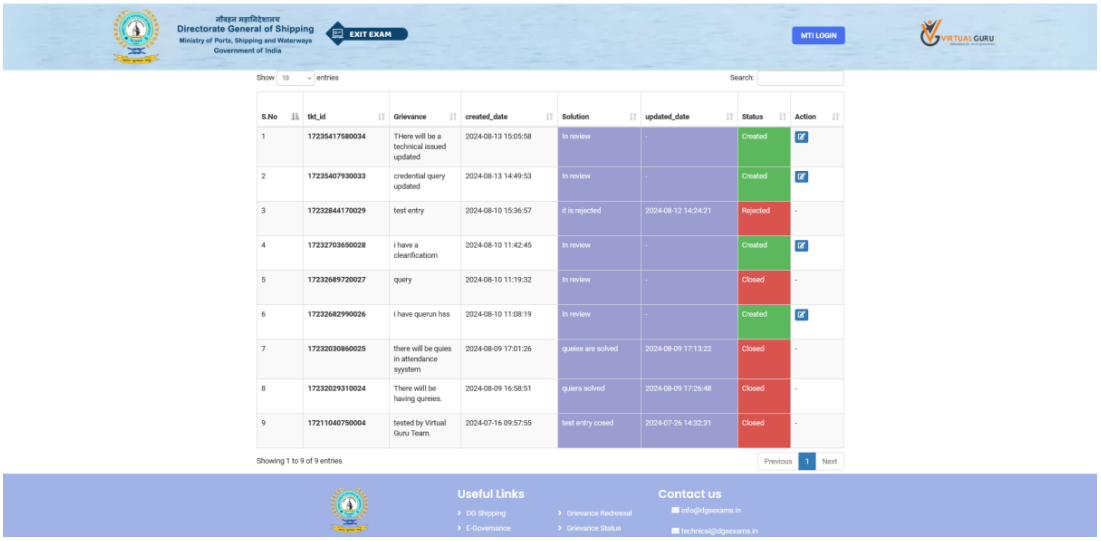
- Identify the captcha challenge displayed within the form.
- Type the exact characters you see in the captcha field to verify you are a real person.

4. **Submit your grievance:**



- Click the "Submit" button after completing the form and captcha.
- Upon successful submission, a popup will appear showing your ticket ID.

Tracking a Grievance



To track the status of your grievance, please follow these detailed steps:

1. **Locate the "Grievance Status" menu:**

   - Scroll to the footer section of the website.
   - Find and click on the "Grievance Status" menu.

2. **Redirect to the Grievance Status page:**

   - Clicking the "Grievance Status" menu will redirect you to the Grievance Status page.

3. **Verify your Indos number and date of birth:**

   - Enter your Indos number in the designated field.
   - Enter your date of birth in the specified format (e.g., DD/MM/YYYY).
   - Complete the captcha challenge by entering the characters displayed in the captcha field.

4. **Access your grievance status:**

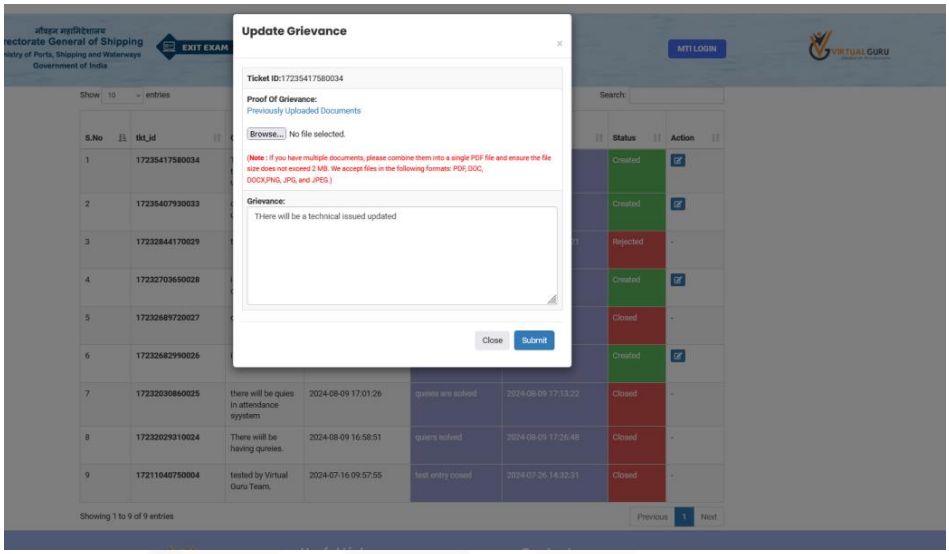
   - Click the "Verify" button.
   - Upon successful verification, the Grievance Status page will display all your ticket IDs.

5. **Check the status of your grievance:**

   - Review the list of ticket IDs to see the status of each grievance.
   - Check here to determine if your grievance has been closed or if it is still pending

- **Update Grievance**

If you need to update a submitted grievance, such as adding an attachment or modifying the content, please follow these detailed steps:



1. **Access the Grievance Status page:**

   - Click on the "Grievance Status" menu in the navigation bar.

2. **Verify your identity:**

   - On the Grievance Status page, enter your Indos number, date of birth, and captcha code.
   - Click the "Verify" button.
   - Upon successful verification, you will be able to view the status of all your submitted grievances.

3. **Locate the grievance to be updated:**

   - In the table displaying your grievances, find the specific grievance you wish to update.
   - Make sure that the grievance has not yet been closed by the authority.

4. **Edit the grievance:**

- If the grievance is still open, an "Edit" action button will be available in the action column.
- Click the "Edit" button to open the Grievance form.

5. **Update the grievance details:**

- You can now update the content of your grievance or attach any additional documents.
- Make the necessary changes or additions in the form.

6. **Resubmit the updated grievance:**

- After making your updates, click the "Submit" button to save the changes.

7. **Confirmation of update:**

- A confirmation message will appear indicating that your grievance has been successfully updated.

Note: You can only update your grievance if it has not yet been closed by the authority.
